OUR SUCCESS STORIES
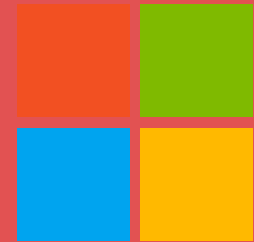

TEMITAYO
SDE 1 @ MICROSOFT

TemiTayo's main issue was that she was not able to think and interact at the same time. She was looking for a realtime environment where she can get practice. Interviewhelp's unique process provided her that interactive environment, and she was able to clear Microsofts technical bar

SAI CHARAN
SR.SDE @ META

Initially Sai charan was facing difficuly in solving easy level leetcode problems. Then our team helped him regularly on leetcode problem-solving and understanding the patterns. He took system design, coding classes, behavioural and mock interviews. He was able to crack the Meta interview for senior SDE.
